"Easy built modular shooting wall. "Endless" shooting joy in no time."

"Building DOMINO modules together is very easy; just assemble it like a puzzle - all parts fit nicely together. The supplied DANAGE DOMINO design of the wooden construction makes the project almost *plug- and play.* All it requires for making your shooting wall come true, is to take it step by step."

Margareta Spång, Bågskytteklubben Iggesund, September 2016
